A serene garden scene featuring a dark wooden boat floating on a calm pond. The pond's surface reflects the surrounding lush greenery, including a large weeping willow on the left and various flowering bushes. In the background, a well-manicured lawn is visible, bordered by more trees and a fence. The overall atmosphere is peaceful and idyllic.

SAN LUIS

Your private retreat hotel & lodges.

Do you prefer a mountain retreat?

We suggest the idyllic San Luis hotel village of our son Alex Meister with its cosy chalets and tree houses, situated in a sunny clearing surrounded by 40 hectares of private larch and spruce forest. With its quiet and picturesque setting on the Avelengo Plateau above Merano, it is a contemporary interpretation of the traditional South Tyrolean "Summer Retreat", a magnificent symbiosis of nature, seclusion and the ambience of a sophisticated hotel.
